TWO CAPTURED.

United States Marshals Captured Two Postoffice Robbers

IN MARTIN'S FERRY LAST NIGHT

They are Accused of Entering the Sherard Postoffice Two Weeks Ago and Getting Away with a Lot of Merchandise and Postoffice Supplies—Some of the Booty Found in this Vicinity—Evidence is Almost Conclusive—Others Wanted.

For several days the deputy United States marshals have been quietly at work in this vicinity trying to run down the gang that entered the postoffice in Sherard, Marshall county, a few miles from the city, about two weeks ago, and secured considerable booty.

The marshals had a clue that pointed to the criminals being over-the-river crooks. For the past two days they have been at work on the case. Last evening the result was the arrest of two Martin's Ferry young men charged with the crime. One of them is Jesse Criswell, who was arrested at the home of his aunt on Broadway. The arrest was made by Marshal Burns and Officer Walters. Criswell was brought over to Wheeling and made a partial confession. Later another arrest was made, Ruck Walton, also of Martin's Ferry, being the unlucky person. It is said other arrests will follow in a few hours.

The officers have found and identified some of the goods stolen from the postoffice, some in Wheeling, some in Martin's Ferry and still more on a house boat at Bellaire.

ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

A well known Wheeling man was going up to Pittsburgh on a Cleveland & Pittsburgh train Thursday afternoon.

At Beaver a gentleman boarded the train and took a seat at the side of the Wheeling traveler. The latter, by the way was en route to visit a family.

It was made up of enthusiastic Quay supporters, and, although an ardent McKinley man himself, wore a Quay button.

The man from Beaver engaged the West Virginian in conversation, and wanted to know how the feeling was in West Virginia. Mr. ——— wasted no words in telling the truth—that it was all McKinley sentiment here. Quay, he said, was not popular in this section.

Pittsburgh the Beaver man got off the train. Another passenger spoke to the Wheeling man and asked if he knew who the gentleman was with whom he had been engaged in conversation.

"That was Matt Quay," was the startling reply.

The big Pennsylvania boss had got it "straight" that time.

Mr. Frank G. Robins, of the Richmond (Va.) Times, arrived in the city yesterday and will remain here for several days the guest of friends.

Mr. Sam Barkley, the well known ex-hall player and an old Wheeling boy, arrived here from Chicago yesterday, called to the bed side of his aged mother, who is seriously ill.

Miss Martha Clarke, who has graduated from the Woman's College, Baltimore, is home, and has as her guests the Misses Coats, Montgomery, Cowles, of the college, and Miss Price, of Lewisburg, Va.

Mrs. Kate H. Hawley, of Hylthwood, S. C., is visiting her son, James L. Hawley, of 1951 Main street. Mrs. Hawley was for many years a resident of Wheeling, and has many friends here, who will be glad to see her once more.

Mr. Julian Barclay, of Bethany, Va., a nephew of Col. Alex. Campbell, has been very ill of typhoid fever at Poughkeepsie, N. Y., where he was attending Eastman's Commercial College, but is now so far recovered as to be considered out of danger.

THE LANTERN PARADE.

It was a Big Success, the Pageant Being a Brilliant One—Four Hundred Wheels in Line—The Concert.

The lantern parade of the wheelmen, which has been looked forward to with pleasant anticipation for some time, came off as scheduled last night, and over the route printed in the Intelligencer yesterday morning. The boys began to gather on North Main street about 7 o'clock and when the chief marshal, Mr. W. D. McCoy, gave the word for the start to the Opera House band at 8:10 p. m., there were nearly 400 wheels in line, the exact count as made by the Intelligencer reporter being 292.

The turn-out, while not so large as had been expected, was sufficient to make a brilliant showing, one that was creditable to the four wheel clubs under whose auspices the demonstration was given. The first division was composed of ladies and their escorts. In this connection it is gratifying to note that the turn-out of the wheelwomen was unexpectedly large, showing the interest they take in the cycling sport.

The second division was made up of the clubs. Wheelmen, 30 men; Crescent Bicycle Club, 25 men; Carrol Club, 20 men. All made a good showing with their neat uniforms. The Y. M. C. A. boys had a novel flag that was a feature of the parade.

In the third division, the Ohio side wheelmen figured, and they made a good showing, both in numbers and appearance. In the fourth division were the unattached cyclists, who, of course, formed the largest division of the four. There were many amusing and outlandish designs in decoration of wheels. "Trifly" on the high wheel was one of the features, and the "Jays" also on a high wheel, made a hit. A detachment of little boys in Indian costumes attracted attention all along the line of march.

The head of the column passed the McLure at 8:15. It was just an hour and one-half when the band music heralded the approach of the parade from the southern part of the city, the route having extended to the county line at Forty-eighth street.

The crowds on the streets were remarkably large, probably 25,000 people lining the sidewalks. The crowd was particularly large at the McLure corner on the return of the parade from the South Side. It was intended to wind up the demonstration with a band concert and speeches from the McLure house balcony, but the speeches were omitted on account of the inability of Vice Consul T. J. Keenan, Jr., of the Pennsylvania division of the League of American Wheelmen, who was down for a talk, to be here. Later the Wheeling Wheel Club served a luncheon at its rooms on Eleventh street.

All in all the demonstration was a success, and was the best cyclists' demonstration ever carried on in this city. The bulk of the credit for this is due to Chairman Arthur G. Hubbard, of the parade committee, who was indefatigable in his efforts to make the affair a go.

THE HUB CLOTHIERS AND FURNISHERS.

Why Should You...

Pay fancy prices to the custom tailor when you can get the same values from us for about one-half as much, and our garments are just as stylish and will fit as well or better than theirs? The proof of this statement is the fact we are getting new customers every day who have heretofore patronized the make-to-measure shops.

Stop in whenever it is most convenient for you and let us show what ARTISTIC READY-TO-WEAR CLOTHING really is. The only difference between OURS and the best custom garments is that you were not specially measured for them and the little FIFTY PER CENT less price. Isn't that worth saving? Other people think so.

A Customer.....

Asked us if we made a profit on those \$10.98 Suits of ours. We told him yes. We will never try to make you believe we are in business for fun. True, we make a very small margin on these \$10.98 Suits, because they are finer trimmed and much better made than you will usually find in suits at almost double the price. Their beauty would give a custom tailor a conniption fit and drive him into some other business. They won't come to see them, hence there always will be tailors for those men who won't investigate either. Funny world! **MONEY BACK WHEN YOU PREFER IT.**
